**APPLICANT MUST PERFORM MINOR DITCHING BEFORE INSTALLING CULVERT.** Culverts simply rolled into ditch and covered are a violation of permit and applicant will be responsible for proper installation. All work in connection with the above mentioned driveway approach is to be performed by the applicant or contractor.

**NO CEMENT CULVERTS OR HEADWALLS AT CULVERT ENDS ARE PERMITTED.** No other work, such as extending, tiling of the ditch in front buildings or yard areas will be permitted without separate permit from the Shiawassee County Road Commission.

The applicant will pay for all damages to the roadway on account of the driveway installation and shall save the Board of County Road Commissioners and Shiawassee County harmless from all suits, claims, damages and proceedings arising out of any improper installation of the driveway approach.

This permit is granted for the period commencing \_\_\_\_\_ and ending \_\_\_\_\_

Minimum Culvert Size: \_\_\_\_\_ . Culvert type shall be corrugated metal or corrugated smooth interior plastic pipe.
